## VIVA LAS VEGAS...

The city that never sleeps! There is so much to pack into your trip that we've put our top 10 tips together for you to follow and have the best vacation ever!

- 1. Check the minimum spend before accepting a table at a club, bar or casino. You don't want any nasty surprises when trying to leave.

- 2. Most hotels have a free happy hour, check if your hotel has this! Make the most of this before heading out for the night.

- 3. Hotels may look close together but in fact, The Strip is 4.2 miles long so it can take you a long time to get between hotels, make use of the free trams in hotels.

- 4. Suffering from jet lag? No problem, Vegas is open 24/7 so get up and see what's going on. Even the lobby won't be asleep.

- 5. Vegas is in the middle of a desert, sun cream and sunglasses are needed all year round. In the chillier months a jacket might be needed for the evening but always be prepared for heat.

- 6. Don't hire a car, it's not needed and the traffic along the strip can be madness. Book a tour to the Hoover Dam or Grand Canyon before you go.

- 7. Be sure to check your hotels resort fees before you arrive, so you can make sure you have budgeted for them. They are usually paid per room, per night.

- 8. Last minute show deals are easy to get from the kiosks on the strip, there's always spare seats to something that evening and you'll usually save half the price of booking in advance.

- 9. Budget beforehand, if you are going gambling remember the house always wins. Make sure you know what you have to spend, and importantly, what you don't.

- 10. Visit 'Old Vegas' and Fremont Street, you won't be disappointed! You can even zip line through the skies here...
